ERASMUS+

Leading objectives:

- building **strategic partnerships** between **VET Schools/VET Colleges** (VET=Vocational Education and Training), based in structurally weakly-developed EU countries, facing **youth unemployment** and private **Companies/Public Institutions**, based in structurally well-developed countries, struggling **with labour shortage on grounds of demographics**;
- boost the employability of young people in IVT (Initial Vocational Education) across Europe;

MOBILITY in VET

STRATEGIC PARTNERSHIPS

- **Work-based learning /WBL** for VET students from **VET Colleges**, based in weak EU-regions from a structural point of view, in **Companies/Public Institutions**, based in strong EU-regions, from a structural point of view;
- Cross-national **learning mobility** in **VET Centres** across Europe;

INCOMING / OUTGOING: we develop and implement mobility activities for VET students between EU countries, funded by the EU

IE OUTGOING: TRY OUT INNOVATIVE EUROPE INSTEAD OF IRISH AMERICA! We develop and implement mobility activities for VET students from Ireland in Companies in Europe, in innovative areas of strategic relevance for Ireland (Manufacturing, ICT, Travel and Tourism, Hospitality and Catering, Construction).

- Strengthening **strategic cooperations** between **Companies** and **VET Providers** in different European countries/Programme Countries;
- Development of **curriculum contents with relevance for the labour market** at **European, cross-national level**, for a better transition from the “world of education” to the “world of work”.
